

# COMING SOON TO A SEMINAR NEAR YOU

**Does your website work as hard as it should? Have you a clear idea on how to make it work better? Do you have an online strategy that will take your business forward?**

If you answered 'No' to any of these questions, then maybe it's time you met Leepeckgroup's own DIGIMAN (aka Julian Macey, our online superhero and Digital Director).

Julian's seminar covers website design, email marketing, search marketing, analytics and more. He'll give you practical advice, demystify the web and point you in the right direction to build your online presence. So why not join him and get a fresh perspective on the web.

## **WHEN & WHERE?**

**DIGIMAN will be appearing at the Business Works Event; 2.00pm, Tuesday 28 September, at the De Vere Hotel, Southampton.**

**IT'S FREE, SO PLEASE REGISTER HERE**

We hope to see you there!
