

**Your team on the pitch.**

# Your team off the pitch?

## Make an invaluable signing

**If you're looking for top marketing and communications results off the pitch, then it pays to have the right team on board. So why not sign the kind of talent that will help you raise your game?**

Leepeckgroup is in superb form when it comes to football clubs. We've

partnered the likes of Southampton FC, Coventry City, Nottingham Forest, AFC Bournemouth and Aston Villa. We've reviewed and identified new ways of improving revenue streams within clubs, re-branded hospitality offerings, and handled both matchday and non-matchday hospitality events.

We've been Southampton FC's lead agency for 10 years ('94 - '05), producing and consulting on all marketing strategy, as well as PR activity. We've covered everything, from launches, to revenue-driving strategies, to community engagement campaigns, and all the consequent creative requirements.

Creative energy fuels everything we do. It's in the blood of our advertising, PR, Online and Events teams. Our unique approach of listening, thinking, planning and doing sets us apart. And it could do the same for you.
